## Introduction...

H.M Traders specialized in supply & export of New & reconditioned Hydraulic pumps, motors & their spares. We endeavour providing quick, efficient & reliable service. We are one of the largest stockists of this kind in India. We also supply high quality Marine Equipment & Spares. We have benchmark in delivering products to more than 40 countries around the world. We are based at Asia's biggest ship recycling yard at Alang, Gujarat, India which is giving us favourable position to stand in market.

The company is having more than 30 years of market experience. We offer products towards Global market standards in order to achieve customer's satisfaction towards quality. In order to exceed customer's expectations, we have introduced Testing Facility in house to test all motors and pumps. Our efforts and punctuality make us one of the largest in this kind in India.

## Quality Control...

H M Trade is a trading company focused on providing all our customers with top quality solutions when it comes to Functionality, Delivery and Customer care.

Our capabilities underpin our performance:

Over 20 highly trained staff who possess the skills and knowledge with branch office in UK make us an international leader in our field.

India's one of the largest independent stockist facility, deploying the latest technologies to deliver products (ISO 9001:2015) characterized by reliability, performance and economy.

India's most advanced testing facility to test products for peace of mind of customers.

An advanced stock control system ensuring the optimum product flow through our comprehensive range of conventional and storing facilities, in turn maximizing efficiency and reducing delivery times
